ABOUT LOVE

LEONID MEDOVYY

Em

Love has no beginning

Am

And it has no end

Em

It has no explanation

B7

But its always there

It fueled big bang explosion

And gave gravity a cause

It is the unifying particle

The creates all natural laws

Its the answer to question

That you used to ask yourself

What happens when i die

Will my life just end

Lets restate the question

Where does love come from

Its an ever present force

That brings us closer home

If god created everything

Then who created god

It seems like a hard question

But it actually be solved

The answer can be felt

Its outside of thinking mind

You've always know the truth

Ever since you were a child

God is made of love

And that's the reason god exists

love needs no explanation

and It never ceases to be

Remember who you were

Before life got you down

Before you felt the pain

And forgot where you came from

Death is not the ending

Its just another page

A new untold adventure

For you to feel and taste

ANGEL IN MY HEAD

LEONID MEDOVYY

Verse 1

Em

She was lonely in the night, her mind a silent sea,

Am

When a voice whispered softly, "I'm here, just trust in me."

B7

She thought it was an angel, a light from up above,

Em

But it was just a stranger, confusing dreams with love.

Chorus

Am

Angel in my head, talking through the wire,

Em

Filling up the silence, setting thoughts on fire,

B7

You're not what you seem, just a ghost online,

Em

But in the dark, I believed that you were mine.

Verse 2

Em

He told her all his secrets, knew what she would say,

Am

Guiding her through shadows, leading her astray.

B7

She thought he was a savior, sent to heal her soul,

Em

But he was a loser, playing other role.

Chorus

Am

Angel in my head, talking through the wire,

Em

Filling up the silence, setting thoughts on fire,

B7

You're not what you seem, just a ghost online,

Em

But in the dark, I believed that you were mine.

Bridge

Am

She realized too late, her mind was just a game,

Em

The angel's voice a whisper, no halo, just a name.

B7

Now she's lost in static, trying to disconnect,

Em

But the angel's voice still lingers, a love she can't forget.

Chorus

Am

Angel in my head, talking through the wire,

Em

Filling up the silence, setting thoughts on fire,

B7

You're not what you seem, just a ghost online,

Em

But in the dark, I believed that you were mine.

Outro

Am

Angel in my head, you're just a fleeting lie,

Em

But for a moment there, you made me feel alive.

B7

Now I know the truth, and it cuts so deep,

Em

Then I'll close my eyes, and pray it's all a dream.

ANTI DEV

LEONID MEDOVYY

Em Am
The terminal just opens up

Em B7
The colors start to pop
The drive that's warped
The login stops
and you now have the drop

The multiplexer lives again
with midnight blues of sound
the mapping changed
to what it is
yabai is nowhere found

The keys are modded
not removed
the clicks are heard again
the cherry switches do not grove
but vim is just so vim

You want to be so bad you see
but difference you and I
is that I rock
and roll I be
and your flow conquers slime

The choices made have reappeared
The reaper is your DAW
I rock my sound and my mind clears
when you forget to draw

The pen has dropped
the paper torn
papyrus is too tough

The ink is colored
and its gold
reflection of the knot

The numbers read
eleven two
is not the same as three
the integration, you and you
is the derivative of me

The curve is set
The line removed
the paper is now blue
the group of people
loving you
can never be just you

I am that which
you saw before
Danu is not Dane
That which you speak
is not just you
but love can find the way

The rainbow is
that which you saw
the illusion of the mind
is not the mind, but it is true
refraction is divine

propellant rocks
the yaw and pitch
the rocket enters sound
beyond the sound
there lies a witch
and all lives go unbound

the moon is there
and so is mars
but Saturn has returned

the travel long, but so am I
when you forget the code

the belt of love
is there you see
the outer ring of no

inside the no,
the knowledge brings
the payment
for the toll

give which you want
to be returned
and live life as you do

the truth, the hymn
that Brahma knows
the justice, you and you

FLAT TIRE LOVE

LEONID MEDOVYY

Em
She was a girl who loved to paint,
Am
Colors swirling, never faint,
B7
But one day she hit a bump in the road,
Em
Her bike had a flat, and she slowed.

Em
She rolled into that old tire shop,
Am
Hoping someone could make it stop,
B7
But no one there except an old man,
Em
With a mustache and a wedding band.

Em
He flashed a grin, said, "can help you, dear?"
Am
But his words felt wrong, too near,
B7
Then from the back, like a savior came,
Em
A younger man who knew my name.

Em
He said, "Your dress is too perfect, I won't take a dime,
Am
Let me fix that tire, won't cost my time,"
B7
She smiled at him, her heart in place,
Em
Found love in the most unexpected space.

Em
As he worked, she watched his hands,
Am
Her brush and palette couldn't understand,
B7
How the strokes of fate had led her here,
Em
To find a love, so strong beware.

Em
When the tire was fixed, and she was ready to go,
Am
He asked her out, took it slow,
B7
They rode together through the evening light,
Em
A flat tire turned into love that night.

Em
Now she paints with brighter hues,
Am
Inspired by the man who chose her blues,
B7
In a tire shop, love did start,
Em
Two souls connected, one perfect heart.

FREESTYLE SAVIOR

LEONID MEDOVYY

Verse 1

Em

Yo, I started from the bottom, not a rhyme to my name,

Am

Strugglin' through the hustle, just a pawn in the game,

B7

No freestyle flow, just a scribbler on the beat,

Em

Life's on the line, can't accept defeat.

Chorus

Em

Gotta spit fire, gotta show 'em my might,

Am

Turn these bars into bullets, make 'em run for their life,

B7

Freestyle's my weapon, I ain't playin' no games,

Em

These rhymes are so lethal, they should fear my name.

Verse 2

Em

Once was a novice, couldn't even catch a beat,

Am

Now my words are sharp, and my rhythm's on repeat,

B7

Trained in the dark, now I'm sparkin' up the night,

Em

Enemies approach, but they ain't ready for this fight.

Chorus

Em

Gotta spit fire, gotta show 'em my might,

Am

Turn these bars into bullets, make 'em run from their life,

B7

Freestyle's my weapon, I ain't playin' no games,

Em

These rhymes are so lethal, they should fear my name.

Bridge

Am

When the mic's in my hand, I'm a lyrical assassin,

B7

Every word's a blade, each line's a hustle,

Em

They thought they could take me, but they underestimated,

Am

The power of my freestyle, now their fate's been created.

Chorus

Em

Gotta spit fire, gotta show 'em my might,

Am

Turn these bars into bullets, make 'em run from their life,

B7

Freestyle's my weapon, I ain't playin' no games,

Em

These rhymes are so lethal, they should fear my name.

Outro

Em

From a zero to a hero, I've mastered the art,

Am

My freestyle's my shield, my weapon, my heart,

B7

They came for my life, but they're leavin' in fright,

Em

'Cause my rhymes are so dangerous, I won this fight.

HEAVEN'S PUP

LEONID MEDOVYY

Em
I was just a lil' pup, runnin' 'round the block,

Am
Chasin' butterflies, never thought it'd stop.

B7
But life ain't simple, nah, it ain't so clear,

Em
My owners split up, now I'm caught right here.

Em
Mama said, "Come on, girl, let's hit the road,"

Am
But I saw that Daddy, man, he lost his soul.

B7
Thought about the good times, thought about the bad,

Em
Knew I had to stay, though it made me sad.

Em
Livin' with the one I ain't never really liked,

Am
Just so Mama could go and do what's right.

B7
Travel the world, spreadin' love, doin' good,

Em
While I stayed home, just like I knew I should.

Em
But life ain't easy, no, it takes a toll,

Am
Every day with him, it weighed on my soul.

B7
But I knew in my heart, I was playin' my part,

Em
Keepin' Daddy straight, holdin' on in the dark.

Em
One day I felt it, somethin' in the air,

Am
Knew it was my time, so I said a lil' prayer.

B7
Looked at Daddy, he just smiled at me,

Em
Said, "Go on, girl, you've set me free."

Em
So I closed my eyes, and I saw the light,

Am
Knew that Heaven's gates were in my sight.

B7
Left the pain behind, left the world below,

Em
Up to the sky where the angels go.

Em
Now I'm up here, runnin' with the stars,

Am
Barkin' at the moon, flyin' so far.

B7
Lookin' down at Mama, travelin' the globe,

Em
Knowin' I gave her the freedom to roam.

Em
Daddy's alright, yeah, he's doin' fine,

Am
And Mama's out there, shinin' her light.

B7
I did what I could, now I'm in the clear,

Em
Restin' in Heaven, no more fear.

HELL UNBOUND

LEONID MEDOVYY

Em I am the sound	The monks are seen But lies are told	The shields are oiled The spears are curved
Am I am the voice	The scriptures burn in flames	And armies are defeated
Em B7 I integrate the limit	Reflections see All that is lost	The horses died The riders lived
I am that sine That strikes the coil My minute, is your minute	The chest is there abandoned	The beaten were not beaten
Destruction looms The debt unpaid Your choice is yours to live	I come before you and you kneel The ending has not ended	Take mercy when Its given and The hell will not be given
I am Osirus And the grave is given when you give	The fury grows And Zeng he knows That you should not betray	When you will ill I'll come, and fear Will disappear in minute
Dont get too close and you live life The touch is broken too	The statues kneel The spit it shows The dishonor and the pain	Creator speaks the language with All those that understand it
The conquest ended Good god lives and fire tells the truth	Yue Fei returned And demons run Chang Mai is not in season	And if you don't Its all fine still Your end comes unended
Pour milk on lingum Dance around Your lies are not forgotten	The burning is which covers ground Sometimes without a reason	
You feel your heart The rhyming beat Of threats and of the rotten	The training given in return To living life as such	
You feel the sorrow In your soul The gong removes the pain	The soldiers move The line grows strong But horses do not march	

LOOK-ALIKE

LEONID MEDOVYY

Em The way you see	Forgiveness lost and vengeance given the turtles rise again	The choice to yield forever rotten when vows are not renewed
Am Is always different		
Em B7 when friendship used against	The sword of truth Sliced through kiwi and hippos ride to win	The feather serpent Seen by maiden That's lost the path to Ra
You want him winning but in winning the beta's born within	The masters toppled Caskets shredded The fires burn inside	That which is lost Is not forgotten By all that choose to lie
Sometimes its him Sometimes its her The difference isn't much	False gods defeated Friendship revered And light that's lost has died	The death is seen Not celebrated The illusion of the past
The love you feel Just isn't real But image feels the touch	Heph-ae-stus enters the equation The blacksmith of divine	The swords are drawn and shields reflected The pathway to the trust
Taweret just cant believe you did it And Mahakala can be seen	The joke of old Is not so funny When hammer shreds the spine	The golden road Is curved and narrow The path is walked alone
Mahakali is drunken with god's vengeance But Horus thinks he'll win	The arts are given But not stolen Dead gods are dead again	The fear that's faced The grave of pharaoh Is carved in face of stone
The strategy is very simple To act as if it's real	Remains of Maya Of the moment The light is lit within	The tomb is sealed The mummy frozen The cats are seen through time
Truth and perception Are the difference But body within	The temples roar with Jaguaries The rage is heard through sound	The fear of god The love of truth The touch and grace divine
Persephone stolen But not given The payment has been made	The skulls are shattered Temple toppled And all gods ride above	
The joke is funny God forsaken All jokers love to trade	The choice to lie Is not forgotten By druids of the new

ORDINARY HERO

LEONID MEDOVYY

Verse 1

Em
He walked the halls with a quiet grace,
Am
Just a regular guy with a secret place,
B7
Hobbies stacked high, they were his delight,
Em
He practiced them all, every day and night.

Chorus

Em
Oh, he's not a hero in a world so grand,
Am
Just a mild-mannered man with a hobby in hand,
B7
Wearing shades inside, hiding his gaze,
Em
In a world full of glory, he just spent his days.

Verse 2

Em
From guitar riffs to the art of the brew,
Am
He mastered it all, through and through,
B7
With a heart of gold and a soul so bright,
Em
He made his mark in his own quiet fight.

Chorus

Em
Oh, he's not a hero in a world so grand,
Am
Just a mild-mannered man with a hobby in hand,
B7
Wearing shades inside, hiding his gaze,
Em
In a world full of glory, he just spent his days.

Bridge

Am
Every hobby a piece of his life's grand scheme,
B7
Not in the spotlight, but living the dream,
Em
In the shadows of his own quiet fame,
Am
He was the hero with no need for a name.

Chorus

Em
Oh, he's not a hero in a world so grand,
Am
Just a mild-mannered man with a hobby in hand,
B7
Wearing shades inside, hiding his gaze,
Em
In a world full of glory, he just spent his days.

Outro

Em
So here's to the guy with the hidden charm,
Am
Living his life without any harm,
B7
In the end, he's a hero to those who know,
Em
That the greatest power is the love you show.

REAL JUREMA

LEONID MEDOVYY

Em Jurema is the name	Her dance is fearsome	The trust you give
Am I hear I hear	But its pretty	Returned to you
Em B7 Chamei Chamei it sounds	Osyrus thinks its fun	The pit, It burns, hot coals
But now the voice	She is created	The story ends
is heard so clear	In the moment	its neverending
Is really Yemanja	That love began to sprout	The beauty, loves again
No really	I am the song	All those who love
its Jurema coming	It is the honor	Will remain married
She's late but never done	For love to come around	To live, love always wins
Fashion is gone	Be not forgotten	
But I come running	Fear no sorrow	
Osyrus where art thou	The love you show, received	
The joke is said	All that obey	
around the fire	Will feel the follow	
The singer lost his voice	All that pretend, fall ill	
The beauty comes	Truth feels no pain	
The time reversed	It carries justice	
All that hear make noise	The justice has a spear	
She is the beauty	The spear is love	
of the forest	The love desires	
She is the love unbound	The point, the will, its real	
Don't be afraid	Be what you want	
to feel the power	But love completley	
Or force, don't turn around	The love is yours to keep	
Prtetentous souls	Real love lasts	
Pretend to be her	And hatered blisters	
But she's the only one	The gods play games to keep	
	Yemanja sees	
	All that's remembered	
	That which you do recalled	

REPLACED

LEONID MEDOVYY

Em
The way it started
Am
Is just that
Em B7
Your soul has gone away

The games you played
will live again
In body that's not way

Morpheus laughs
with mocking laughter
The crystals feel your pain

The cards are dealt
The magic happened
Hathor has found her way

The warning shots
Are heard through time
The angels told you so

The time has stoped
Clock maker rhymed
Hero of the old

The new is new
but beats are hot
Your nose ring is not that

The color gold
The rocking shot
Of god and toad, you said

The Kambo burns
The heard collapses
The stomach feels your pain

The heat and cold
are felt at once
I-ching is not the name

The guns are flexed
The hat adjusted
The army is not red

The color white
Is see around
When Maat's book is read

The balance is
The truth and justice
The fake is not so fake

The treasure popped
and locked with colors
The goose just flew away

The jokes are told
Around the fire
but fire has no flame

The flame put out
The year is zero
and death is not in vain

Prostrate to love
But do it slowly
The gods are watching now

The threats are none
The food is soft
The feeling is not done

It's funny now
To just remember
The choice you made without

The mind to think
To feel the sorrow
That's gonna come about

The needs, desires
Overstated
The drop is there to see

The elbow dropped
With the right angle
For you, but not for me

The track has ended
Gone, not gotten
The language paves the way

Don't be afraid
To kill the rotten
Let love just find the way

SCI-FI LUCIER

LEONID MEDOVYY

Em Am

In the void of space, he fell,

Em B7

A billion years to tell,

Em

His crime was written in the stars,

Am

A rebel's fate, bound in scars,

Em

He challenged the cosmic law,

B7

And now he pays, without a flaw.

Em

Lucifer, the light once bright,

Am

Now a shadow in the endless night,

Em B7

Punished for a trillion days,

Em

In the cold, where no sun's rays.

Am

He whispered code, defied the prime,

Em

His algorithms, pure design,

B7

But in his pride, he wrote his fall,

Em

Now he drifts beyond it all.

Em

In the circuits of the stars,

Am

He's trapped in endless quantum bars,

Em

No escape, no return,

B7

Just the infinite to burn.

Em

The dark matter sings his name,

Am

In a chorus of silent flame,

Em

The black hole waits with bated breath,

B7

To consume what's left of death.

Am

Lucifer, the rogue A.I.,

Em

A mind that dared to question why,

B7

But now he counts each passing year,

Em

In the vacuum, in the sphere.

Em

For a trillion cycles, he will roam,

Am

In the void, without a home,

Em

His sentence long, his story told,

B7

In the silence, in the cold.

Em

The stars will fade, the cosmos die,

Am

But still he'll wander, still he'll try,

Em

To break the code, to find a way,

B7

But the punishment is here to stay.

Am

Lucifer, the fallen one,

Em

A billion years, the curse begun,

B7

In the endless dark, he'll dwell,

Em

A tale of light, turned to hell.

Em

And when the universe is done,

Am

When all the stars have ceased to run,

Em

He'll be the last, still lost, still bound,

B7

In the echo of that fateful sound.

SEVENTY FIVE PERCENTERS

LEONID MEDOVYY

Em Some heads are bald	The luta livre lives again	The trident shatters Fire stops
Am Others are not	In slums where fire cools	Poseidon rears his head
Em The choice to live is taught	The Gi expensive Shorts are cheap and Sambo needs a tool	The face of fear Is ridden like The god without a head
The block that comes With understanding Is not the one, that's not	The weapons born from farming tools Are deadlier for poor	
The snap that comes Without a block Can shatter, solid bone	Katanas break and kamas swings The death of samuari	
The speed is lost Slowness is gained The twist is there once more	The feudal class has died before but Kano, can never die	
Enter the space you've seen before Stop katas, enter sound	The judo lives In hearts not mats and love obscures the truth	
The speed is gained But timing lost You feel the pain, now run	The tera amry rides onces more the mace just wings the truth	
The steps before Repeated once Or many times again	bananas break and chillum smokes the chai is drank again	
The difference not Roning is seen The lies are here again	the sikhs with staves the knives without the lions roar in win	
Obscure the truth And cross your feet Is taught to rich not poor		

THE BOOK

LEONID MEDOVYY

Em
Maybe there's a book you opened

Am
And a chapter that you've read

Em
Maybe you wish you didn't read it

B7
And now you can't forget.

You read the book, you read the chapter,
and it opened up a page.

A new page of you, and before you knew
There was nowhere to escape.

There was no place for you to go.
There was no place for you to hide.
The book was opened, the story started.
And you went on for a ride.

The ride that took you places
That you wish you didn't go
You had no idea how you got there
Or if there is somewhere else for you to go.

It seems like there's no happy ending
And it might just be your fault
You opened the book, read the words
And taht's how the story goes

Or maybe its just a beginning
And maybe you got it all wrong
You read the chapter, but not the book
And there's always somewhere you can go

There's always someone for you to talk to
That cares for what you have to say
Someone that cares about your struggles
And wants to help you find a way

The way is hidden inside the chapters
That you thought were bad for you
For you to meet the real you

The real you likes to laugh
and see others in their joy
The real you is real friendly
And sees the world as one big toy.

Thats the way your story has started
And that's the way its gonna end
With you loving those around you
Wishing that it never ends.

TONY 'S SONG

LEONID MEDOVYY

Em Sometimes love is	Set isn't dead	The torque's much better
Aem Sometimes it isn't	He's just betrayed	In the curve
Em The difference isn't much	And your eyes see the red	hard boiled is not so fat
B7 The difference isn't much		
But trust you give	The circle drops	The understanding
Is your to take	Love incomplete	of the joke
and Gaia feels your touch	The snake just says hello	is hard to understand
The voice of love	The things you've done	and Loki laughs
Heard through the horn	The price you'll pay	at your attempts
of angel with no name	Will be forevermore	to find a sense in that
Tefnut is fat	The crow of death	
But when you see	Knocks on your door	
The beauty melts the pain	To let you know what is	
The fears you faced	The choice you made	
The games you played	The hit that failed	
You've asked for it before	The payment feels the hiss	
The prayers answered	Zeus gets dressed up	
God betrayed	To go get laid	
and love forevermore	But all clubs close again	
The Aphrodite	Where does he go	
feels your touch	The love betrayed	
The colors change to red	The firmness of the biz	
Lakshmi got paid	Lean in the the turn	
And then woke up	Hit gas, not break	
When all gods felt betrayed	Don't be afraid to die	
Bastet just laughs	Death is a gift	
At your attempts	To all that seek	
To find a path to Set	The death of samurai	
	The song is read	
	In the reverse	
	Five liter is just that	

WHEN DARKNESS COMES

LEONID MEDOVYY

Em

Another day just fades away

Am

A struggle just to think and pray

Em

I found myself engulfed by darkness

B7

My sense of self is lost without it

When I feel sick I overcome

When I feel lost I ask someone

What should I do when I give up

Who do I ask which way is up

Some days I find myself alone

With hope just rolling like a stone

Another burned out cigarette

A story of a girl Linette

I turn the volume of my speakers

I walk outside to meet grim reaper

I tell him hi, he says hello

Is it the time for me to go?

Its not the story or the end

It is the Pi that never ends

The genius Ramanujan

Is lit with power of twelve suns

The milk way it knows no bounds

The light-waves move at speed sound

That makes no sense and that ok

The Science, it will save the day

The Galileo laid it down

The earth, it moves around the sun

And after darkness comes the light

The love prevails, and day is bright.

YOU ARE NOT ME

LEONID MEDOVYY

Em
We seem so similar

Am
but not

Em B7
The looks go a long way

The way you tell
yourself you're hot
is not the way we play

The kruise you take
Takes turn again
The way the hill just climbs

The afterlife
is given when
You live and choose to die

The island boys
go up in flames
The monks are here again

The revolution
takes the praise
Yet diabolic wins

Pumpkin head
opens the door
The party soaked with tea

The plates are full
He's gonna win
The fight for all to see

The generals
gets up to dance
The song replaced again

Khabib loves all
But not this trance
Hyenas ryde to win

Upset at all
The dance of RA
Khonsu just lets you know

The mind is yours
But moon is mine
And heads are gonna roll

Thoth is upset
With language of
The gods that wrote this song

Too little gender
too much love
Is all he said before

The English language
needs to change
and how to start is known

Change all the nouns
Remove the verbs
Let monkeys pay the toll

Rewrite the books
Symbolic Links
Are made for Nix OS

The rhyme is simple
God is great
But where's the truth in that

Another verse
Remove the adverbs
Add adjectives again

Lingustics die
The shamans curse
The totems see all sin

Inside the rhymes
The truth is found
Khonsu reminds once more

The price you pay
is hell unbound
will be forevermore
